OFFICE OF SECURITY

1 Oct 1946

The agency of the Director of Central Intelligence which:

- a. In coordination with the Interdepartmental Coordinating and Planning Staff, formulates and promulgates integrated security policies and procedures pertaining to the safeguarding of classified information and matter of the Federal Government in the interest of national security, to include planning for future censorship operations.
- b. Prescribes the overall security policies and procedures for the entire Central Intelligence Group.

ASSISTANT DIRECTOR FOR SECURITY

1. As authorized by the National Intelligence Authority, formulates and disseminates coordinated Federal security policies and procedures pertaining to the safeguarding of classified information and matter of the departments and agencies of the United States Government in the interest of national security.
2. Prescribes and supervises the implementation of the overall security policies and procedures for the Central Intelligence Group designed to insure, on a world-wide basis, the control and safeguarding of intelligence information and intelligence, particularly that received from sensitive sources, and the security of operations, personnel, equipment and installations of the Central Intelligence Group.
3. As authorized by the National Intelligence Authority, formulates coordinated Federal censorship policies and procedures for implementation in the event of a future emergency or state of war.
4. Upon request by appropriate offices of the Central Intelligence Group, determines the reliability of sources or the credibility of information furnished to the Central Intelligence Group.
5. Acts as agency of the Director of Central Intelligence, in collaboration with the Advisory Council, for the security coordination of all public relations, press or similar releases and other publicity matters pertaining to the Central Intelligence Group.
6. Coordinates, in conjunction with appropriate offices of the Central Intelligence Group, matters relative to the technical security activities of the departments and agencies of the Federal Government in the fields of secret means of communication, radio direction-finding equipment and techniques, sabotage materials and techniques and related subjects.
